The Neighbourhood Policing Team Member gave an update on recent activity in the area including 'boy racers' meeting up in an industrial estate and driving dangerously. The company on the industrial estate are working with the Police to identify the cars, issue warnings, and also prevent another gathering.

More patrols have been requested in the area due to the amount of used N20 cartridges and the anti-social behaviour taking place.

The Neighbourhood Policing Team Member explained that as the Covid-19 restrictions are lifting, that given notice, the Police will now be able to attend Summer Fete's, School Fete's or any community events that are organised.

Cllr Curtis thanked the Neighbourhood Policing Team Member for attending the meeting and for the work that is being done.

7. Chairs Verbal Update

Swindon Area Committee meeting:

Name change – as the Committee is a sub-committee of WALC – approval is being sought to change the name to Swindon Local Councils Forum as they believe that it is a more indicative of the role that it plays.

Dog fouling – The Chair and Secretary had a meeting with the 'dog warden' to discuss the issue with dog fouling that was happening across the Borough. The pandemic led to an increase in dog ownership. A new dog warden has been recruited. If there is a specific issue with evidence, Parish Councils should let them know as they believe that the dog warden van and the person being visible in the area has an effect. They also promote the use of chalk messages on footpaths as being effective. They do not believe that enforcement action is particularly helpful. Currently reviewing the open spaces order – a consultation will take place.

Chairs and Clerks Engagement meeting:

Update was provided on the upgrade of the ducting and cabling to comply with the Government's commitment to stop the use of copper piping and for all to have fibre cables to all properties by 2025, being carried out by Openreach and City Fibre.

Organised fitness classes, Covingham Park- Cllr Curtis asked all Councillor's opinions on fitness classes using Covingham Park and the possible use of the adult exercise equipment. The Parish Council insurance company has advised that the organiser of these classes should have their own insurance, and risk assessments and copies should be given to the Parish Council. The meeting agreed as it is an open space for public use then it can be used for exercise classes but the procedure for producing insurance documents and risk assessments should be followed.

Cllr Bacon emailed a suggestion, due to not being able to attend the meeting, that as there is quite a lot of hedgerow along the border by the school around Covingham Park, if it was possible to leave a 2 meter border along there and maybe involve the school to get some of the children to scatter wild flower bombs in these borders.

Resolved: Cllr Sandle proposed to not scatter wild flower bombs around Covingham Park as this had been previously discussed and rejected. Location: 2 Verney Close, Covingham, SN3 5EF

Proposal: Erection of a two storey side and rear extension

Resolved: The following comment was submitted: Covingham Parish Council objects to this proposal on the following basis;

SBC Residential extensions and alterations SPD

2.7 The effect of an extension will be assessed with regard to the impact upon residential amenity to ensure there would not be unacceptable harm by reason of light, visual intrusion, privacy, or nuisance in accordance with DS6

Visual intrusion - due to the large scale of the extension without set back on the first floor side extension

2.22 Generally an extension or alteration should be subordinate to and in character with the main house and not result in a dominant or discordant element.

The extension is not subordinate to the main house due to no set back on the first-floor side extension - this is a discordant element as the property is at the end of the street and highly visible and does not match with existing property extensions in the area and thus negatively affects the street scene.

As the ownership of the property on the application form is Castle Estate Agents, we have concerns that it is intended for future use as an HMO.
