

Thermal Imaging Camera Loan Scheme - Joint Procurement Opportunity
Initiative organised by South Swindon Parish Council
Invitation to Covingham Parish Council

- **Purpose:** Help residents identify heat loss in their homes to improve energy efficiency and reduce heating costs
- **Delivery model:** Each participating council operates independently from their own libraries/community centres/offices
- **Proven success:** Wiltshire Council's scheme has 100+ person waiting lists at libraries
- **Hardware:** FLIR One Edge Pro cameras (£349 retail, 4.2/5 stars from 284 reviews)
- **Bulk discount pricing:**
 - 4 units: £338.04 per camera
 - 10+ units: £327.08 per camera (6% saving)
- **Ready to implement:** Template documentation already drafted including staff instructions, user guides, loan agreements, and usage tips
- **Timing:** Winter implementation maximizes resident benefit
- **Loan period:** 7 days (SSPC model), free to library card holders

This was previously tabled at SLCF a while back and informal Clerk Meetings and I know a few councils are interested.

Please confirm if your council wishes to participate in the joint procurement and the number of cameras you require to secure bulk discount pricing.
